

Getting to Cervia

By car: take the A14 motorway leading from Bologna to Rimini, exit at Cesena Nord, take the E45 toward Ravenna, exit at CASEMURATE (approx. 7 km), then follow signs to Cervia: approx. 15 km

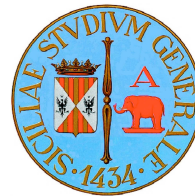

By train: be advised that the station is named *Cervia-Milano Marittima*. Departing from Bologna, either catch a direct connection to Cervia-Milano Marittima, or ride a train to Rimini, then from Rimini to Cervia (for schedules see www.trenitalia.it)

By air: Bologna international airport (BLQ) is located 90 km from Cervia. Direct flights to many European cities, or else through Milan or Rome. From BLQ there are convenient services to Cervia by several providers, costing approx. 25 € per person. The Workshop organization will be glad to help arranging said service for attendees requesting it. Please contact us at least a couple of days before arrival.

A bus will be provided on the afternoon of May 29th to take everybody interested to Cervia: you might want to visit Bologna then meet the bus in the location - close to the train station - that will be announced timely.

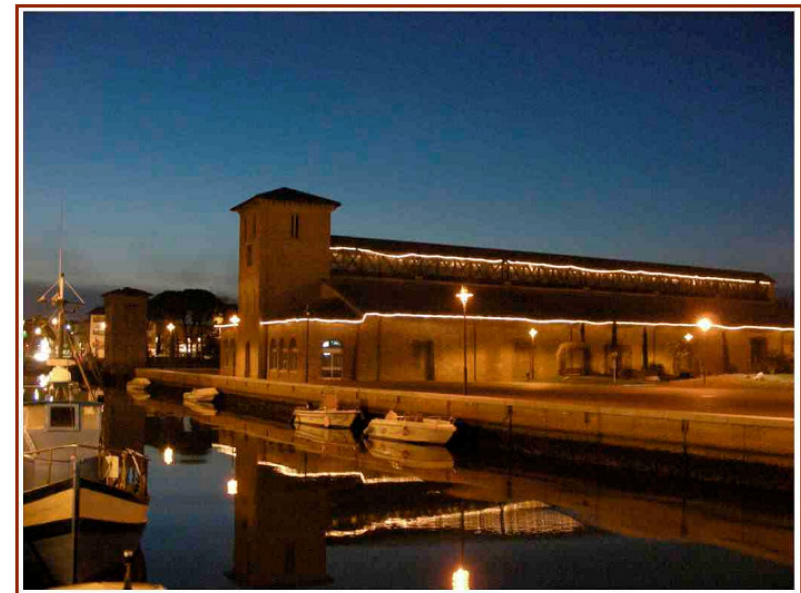

ALMA MATER STUDIORUM
UNIVERSITÀ DI BOLOGNA

The **CHERNE** network has the pleasure of inviting you to the

12th Workshop on European Collaboration for Higher Education and Research in Nuclear Engineering & Radiological Protection

29 May – 1 June 2016
Cervia, Italy

Scope and Topics

The goal of the CHERNE network, and therefore of the Workshop is the development of educational and scientific cooperation among participant institutions, in the field of nuclear and radiation sciences. Topics of interest to the Workshop encompass education and research in all areas of Nuclear and Radiological Engineering, including among others:

- ❖ Radiological Protection
- ❖ Radiation and Radioisotope Applications to Industry, Medicine and Research
- ❖ Environmental Radioactivity
- ❖ Radiation Measurements
- ❖ Nuclear Chemistry
- ❖ Radiation transport and Monte Carlo methods
- ❖ Reactor Physics
- ❖ Nuclear Safety
- ❖ Nuclear Fuel Cycle and Materials
- ❖ Risk Analysis applied to Nuclear Engineering

Organizing committee

Prof. Domiziano Mostacci (*chair*)
Prof. Vincenzo Bellini
Prof. Flavia Groppi
Prof. Isabelle Gérardy
Eng. Sara Vichi (*scientific secretary*)
Mr. Salvatore Lepiane (*webmaster*)

Scientific committee

Prof. Vincenzo Bellini (*chair*)
Prof. Friedrich Hoyler
Prof. Herwig Janssens
Prof. Ladislav Musilek
Prof. José Ródenas
Prof. François Tondeur

Registration fee

Fee includes attendance to the Workshop, conference material, and field trips.

- ❖ Regular registration: **250 €** (+22% VAT)
- ❖ Late registration (after April 30th, 2008): **300 €** (+22% VAT)
- ❖ At any time (includes only conference material) **50 €** (+22% VAT)

Please refer to the following page for the fee:

http://www.ceub.it/default.asp?id_c=574&id=436#.VydqUtSLSHs

Please, download the registration form from the web-site and send it in, either by fax or by e-mail, as described therein.

Abstracts

Abstracts are due by **April 30th, 2016**. After this date, they will be accepted as late abstracts and might not be present on the book of abstracts but only in the transactions. Please, download abstract submission form from the web-site, and submit it by e-mail.

Scientific Program

Please refer to the web-site, which will be updated regularly.

Proceedings

Research papers will be published on an international scientific journal; contacts are being made with the editors of international journals for a dedicated issue. Educational, non-research contributions will be collected in a book, possibly with ISBN.

Deadlines

- ❖ Early registration: **April 30th, 2016**; Late registration: any time later
- ❖ Regular abstracts: **April 30th, 2016**; Late abstracts: any time later
- ❖ Full papers: **September 15th, 2016**. This is the **latest deadline**, however, authors are encouraged to bring manuscripts directly at the workshop, if ready

Social Program

The tentative schedule for the social events is as follows:

- ❖ May 29th, at 8:00 pm: welcome gathering
- ❖ May 30th, afternoon: excursion to San Marino, world's most ancient republic
- ❖ June 1st, at 12 noon: visit to Legnaro labs

Venue and accomodation

The Workshop will take place in the charming resort town of Cervia (near Ravenna), in the Hotel Conchiglia (4+ stars): www.hotelconchiglia.it. A number of rooms will be reserved for the conference attendees: a special price has been offered by the management (please mention, when reserving, that you are attending the WS). Book at your earliest convenience, please, or rooms might get sold out.

Single room

88 €/day Full Board
(includes breakfast, lunch, dinner)

Please contact hotel for other types of rates
Suche as BB etc.

Double room

75 €/day per person, Full Board
(includes breakfast, lunch, dinner)

Please contact hotel for other types of rates
Suche as BB etc.
